Carolyn

Good afternoon. I just received a telephone call from a person who used to be a tenant in one of the houses along Forsythe Street and she lived there between 2012-2015. She is wondering if she can get results for any recent VI sampling conducted at that particular residence. She said she has reached out to the current property owner and they have not responded to her and I told her it is confidential information that I cannot release since she was not a tenant at the time of the sampling events. I then provided her your name and number since she was wondering who else she could contact regarding this request. Her name is Ex. 6 Personal Privacy (PP)

Please let me know if you have further questions or need anything else.

Sincerely,

Bradley E. Gentry, LPG
